KEY SELLING POINTS

The totally new **DASH 4.5** comes with a fast processor and a great connection speed, that makes this smartphone a high performer that is available for everyone at an incredible and affordable price. Also, it will surprise you with style and fun.

Get an unmatched visual experience. With a **4.5"** screen and **480x854 pixels resolution**, you can enjoy all your photos, videos, movies, games and internet like never before.

Incredible **Mediatek Quad Core 1.2 Ghz processor**, combined with **HSPA+ connection**, will give you a quick response on any application that you use in your Smartphone.

Experience exceptional photography and video thanks to its **5MP camera, LED flash, auto focus** and **VGA** secondary camera. You can capture all your moments with friends and family either by camera or video calls.

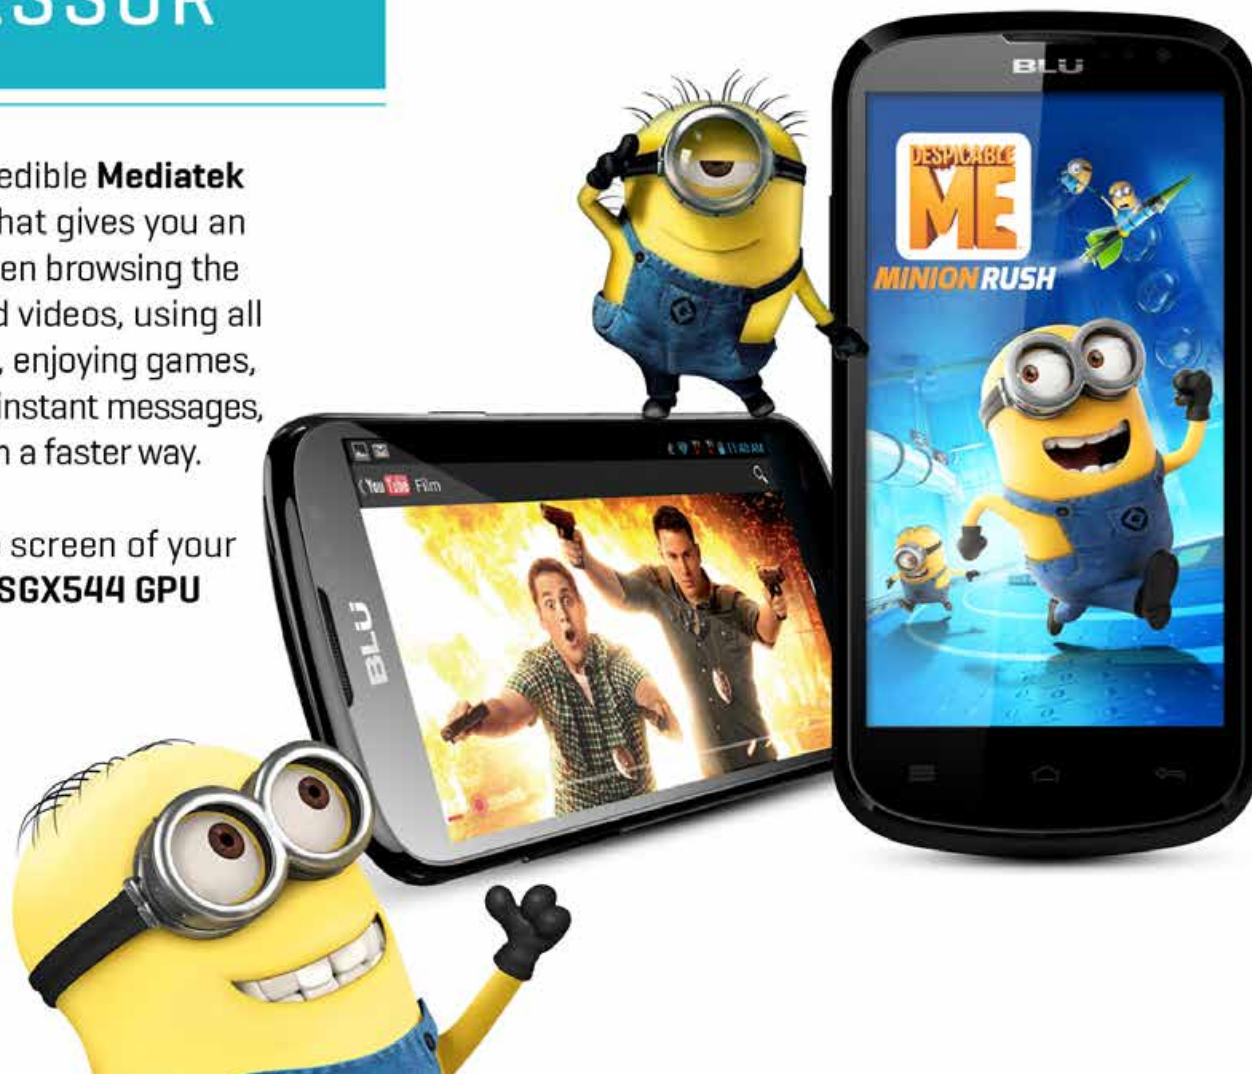

AMAZING QUAD CORE PROCESSOR

4G HSPA+ hasta 21Mbps

DASH 4.5 is powered by an incredible **Mediatek Quad Core 1.2 GHZ** processor that gives you an unbeatable quick response. When browsing the internet, capturing pictures and videos, using all kinds of apps, listening to music, enjoying games, synchronizing emails or sending instant messages, you will be able to do everything in a faster way.

Enjoy incredible images on the screen of your phone, thanks to its **PowerVR SGX544 GPU** graphic processor.

ASTONISHING SCREEN WITH TERRIFIC RESOLUTION

Seeing pictures, videos and movies, playing video games, surfing on the web and enjoying your favorite apps were never so pleasant.

Its wide screen **4.5" inches**, combined with a resolution of **480x854 pixels**, gives you an incredible image quality. Delight 16 millions of colors at 218 ppi [Pixels per Inch].

AMAZING PICTURES THAT SAVE INCREDIBLE MEMORIES

Its **5MP** camera will let you immortalize all your moments with family and friends, either in pictures or videos. The videos are recorded at **HD 720p**.

Thanks to its LED flash, auto focus and **BLU Bright+** technology, You can capture pictures in low light conditions by illuminating objects on the foreground and background. You have to experience it.

Also, thanks to its **VGA** front camera you can make video calls with your closest family and friends.
